OBJECTIVE

Seeking a challenging opportunity to apply my skills in software development and problem-solving. With a strong foundation in coding, I aim to contribute to innovative projects while continuously learning. Adaptable and quick to grasp new technologies, I thrive in dynamic environments to drive efficient solutions.

SKILLS

- **Programming Languages:** Java, C(Basics), Python(Basics)
- **Web Technologies:** HTML5, CSS3, JavaScript, Bootstrap 5, React.js
- **Database Systems:** MySQL, MongoDB
- **Version Control:** Git and GitHub
- **Tools:** VS Code, Power BI
- **Soft Skills:** Problem-Solving, Adaptability, Collaboration, Teamwork, Time Management

EDUCATION

- **BE Computer Science and Engineering** — *2026*
  KPR Institute of Engineering and Technology — CGPA: 8.52

- **HSC - Maths with Computer Science** — *2022*
  Jaivabai Municipal Girls Higher Secondary School — Score: 87.8

- **SSLC** — *2020)*
  Jaivabai Municipal Girls Higher Secondary School — Score: 87

PROJECTS

- **Crypto Currency Explorer**
  Tech Stack : React JS, Bootstrap5 and CSS   []
  - Built a crypto explorer website that showcases top cryptocurrencies with real-time values and market insights. It features interactive graph plotting to track price trends over multiple timeframes. The platform offers search functionality, pagination, and detailed coin information for seamless user navigation.

- **ShopMe E-commerce website:**
  Tech Stack : CSS, React.js, AOS, Slick Carousel   []
  - A responsive e-commerce website that provides a seamless shopping experience with dark mode, a responsive navbar with search and dropdown, and an add-to-cart popup. It includes animated sections using AOS, product listings, top products, and testimonials, ensuring a smooth user experience across all devices.

- **Intern Project – Intelaix Consultancy Services**
  Tech Stack : React, JavaScript, Bootstrap 5
  - Created a dynamic data table with sorting by date/time, interactive charts for visualization, and export options (PDF, Excel, Word). Integrated real-time API data to ensure seamless updates and high performance. Implemented code obfuscation to enhance security and prevent unauthorized access.

INTERNSHIP

- **Intelaix Consultancy Services** — *May 2024 -July 2024*
  Software Development Intern — Bangalore, India
  - Developed a dynamic table with sorting by date and time, integrated charts for visualization, and enabled PDF, Excel, and Word export using React JS, JavaScript, and Bootstrap 5.
  - Implemented code obfuscation to enhance security and prevent unauthorized access.
  - Utilized Git for version control, pushing the code to a repository for collaboration.

- **Vantage Flow** — *Jan 2024 - Feb 2024*
  Front End Developer Intern — Remote
  - Gained hands-on experience in JavaScript and Bootstrap 5 by creating interactive, responsive user interfaces for mini-projects.
  - Developed real-world web applications, improving front-end skills and understanding of user interface.
  - Strengthened problem-solving through debugging and best practices for efficient, visually appealing designs.

HONORS AND AWARDS

- **AI Hunt Winner** — *Nov 2023*
  Anna University Regional Campus, Coimbatore
  - Secured 1st place in the AI Hunt competition, demonstrating expertise in AI and Machine Learning concepts.

ROLES AND RESPONSIBILITIES

- **Class Committee Member**
  Acted as a bridge between students and faculty, conveying academic concerns and suggestions.
- **IEEE Student Member**
  Organized and participated in IEEE events, workshops, and seminars to enhance technical knowledge and foster professional networking.

VOLUNTEER EXPERIENCE

- **Event Volunteer – Code Cracker**
  Assisted in organizing the Code Cracker event, managing logistics and supporting participants.
- **Volunteer – IEEE Pathfinder**
  Volunteered for the two-day IEEE Pathfinder event at KPRIET, gaining experience in teamwork, communication, and problem-solving.
